

Goals

Yilu Zhang holds an MA in Animation from SCAD and has honed her skills in look development to find a position in the film industry as a texturing and lighting artist. She has great familiarity and expertise in Maya, Nuke, AfterEffect and other Adobe products. With over ten years' experience in the arts, she brings positivity, team oriented skills and a strong work ethic, to every piece she contributes to. She thrives in artistic and collaborative environments with future goals to contribute to the entertainment industry into the highest level.
